

### Parent Survey Results as of 7/29/05

These charts represent data that was collected from 112 parents in the late summer of 2005 from 6 Early Care and Learning Programs in Juneau and Sitka, Alaska. The data is part of an evaluation process for the Blanket of Wellness Project -a collaboration project of Partnerships for Families and Children. For more information call 907-789-1235.

#### Questions:

1. In the past month, have you seen written information at your early childhood program that has helped you understand your child's behavior, and how to help you child learn social skills?
2. In the past month, have you talked with someone from your child's program about your child's behavior? If so, was it helpful to you as a parent?
3. In the past month, do you feel it has been helpful to watch the way your child's teacher or caregiver talks and acts with children?
